

Shot Scope

V5

Shot Scope V5 GPS watch

Golf GPS watch with automatic performance tracking and full hole maps

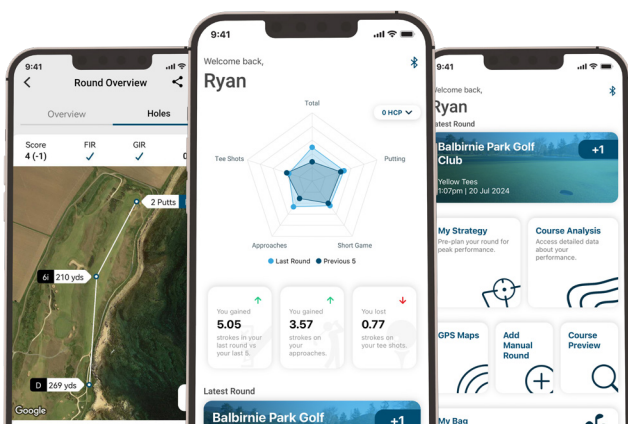

MSRP:  \$249.99  £239.99
 €279.99  \$299.99

Key features

Our best selling golf watch provides the golfer with GPS distances and automatic shot tracking to get the most out of their game. The full-color screen displays front, middle, and back distances to every green as well as measurements to hazards, layups, and doglegs on 36,000 preloaded courses worldwide.

Free golf app

With the V5, get access to the free Shot Scope app with no subscription fees. The golfer can upload shot tracking rounds, analyze their data or take advantage of features like aerial hole maps and MyStrategy.
